

Data Trust Committee - Quarterly report (Feb 2023 – Apr 2023)

The purpose of the quarterly report is to ensure transparency of Data Trust Committee processes and to highlight the impact that the committee's input has on PIONEER's work.

Toplines:

Number of meetings	5
Number of requests reviewed	5
Total number of requests approved	5
Total number of requests not approved	0
Number approved with conditions*	0
Number approved after amends* requested	0
Number of approved with data licence pending*	0

* Included within the total number of requests approved.

Projects approved (note projects are not reviewed in numerical order):

PDR066 – Thein – Macrolides in viral pneumonia

PDR070 – Kolanu – Outcomes of influenza related hospitalisations in smokers compared to non-smokers

PDR073 – Pankhurst – Surgical assessment virtual ward evaluation

PDR071 – Atkin – Investigating Digoxin as a novel senolytic – outcomes in hospitalised older adults with Community Acquired Pneumonia

PDR074 – Mollan – Investigation of headache in the Emergency Department at University Hospitals Birmingham NHS Foundation Trust.

For each of the approved requests, a lay summary will be available on our website.

Note, requests are not necessarily reviewed by the Data Trust Committee in numerical order but based upon an evaluation of priorities.

Other Updates:

- The PPIE Group have been involved in the development and co-writing of a new patient facing leaflet that will be used in our Same Day Emergency Care department within the hospital. This forms part of a larger project looking at improving patient flows through acute medical departments through better patient selection.
